We will publish it in our next issue as the boy wrote it. He also wrote one of the boys in town about the Boy Scouts and asked if he might join here. He seems a patriotic little man. The Times-Herald would like to see the Scout movement given attention in this city. We have a lot of boys who would be much better off if enlisted in such an organization and under proper authority. Who will volunteer to take this work up? Some person who is capable of handling boys and with experience along the line necessary to the proper training and discipline of the Boy Scouts.
